Commerce Central Opening Hours

During Session

Monday - Thursday	8:30am - 5:30pm
Friday	8:30am - 5:00pm

Mid Session Recess Break/Study Recess/Exam Period/Session Break

Commerce Computer Lab Opening Hours

Labs are closed due to refurbishment. Students are able to use the lab room in 17.103 (sky lab)

The lab will re-open at the start of spring session.

Student requiring Academic Advice/ Approval from the School of Accounting and Finance

The School of Accounting and Finance maintains a process to manage academic advising efficiently. Please refer to the School's noticeboard display located on the 3rd floor for a visual explanation. In summary, the student must see a relevant discipline advisor during the advisor's consultation time. Students will need to complete and submit to the advisor – a School of Accounting and Finance Academic Advice/Approval Request form (purple form*) together with necessary documentation to support the request.

* The purple form is readily available from either Commerce Central enquiries or the bench in front of the School's noticeboard on Level 3 of the Faculty of Commerce foyer.

Stories, questions, comments anyone???

Well the session has now come to an end, much has been learned, much has been forgotten... And many heads are now hurting with post session celebrations.

Sula is also off preemptively celebrating her marks due to be released on the 3rd of July, so this month your stuck with Adam's guest blog =(

It's always nerve wracking at this time of session waiting for the marks to be released; you never really know how your going to go. My mind was always swimming with the usual introspective questions, did I get it? Should I have slept more before the final (or maybe just should I have slept)? Should I have enjoyed state of origin celebrations a little bit less?

My advice: worrying is kind of like a rocking horse, it gives you lots to do but wont get you anywhere. Weather you get a P, C, D or HD doesn't matter, if you have done your best that's all anyone can ask of you.

So what to do now with your break till the 23rd July?

Cook! So here is a holiday recipe favourite and in sula's honour it's an organic extravaganza (and it's cheap to make because all us students are povo!)

Zucchini slice

5 eggs

150g (1 cup) self raising flour

3 medium size zucchini, grated

1 large carrot grated

1 large onion, finely chopped

200g rind less bacon chopped (you can use more for extra taste and the organic stuff from the RSPCA is great!)

1/2 cup pecorino cheese (true organic is the bomb)

3/4 cup tasty cheese

45ml (1/4 cup) vegetable oil

Method

1. Preheat the oven to 170 degrees. Grease and line a 30x20cm lamington pan.

2. Fry off the bacon and onion in a pan until the bacon is coloured and the onion clear. Season with salt and pepper whilst frying.

3. Beat the eggs in a large bowl until combined. Add the flour and beat until smooth, I do this by hand to combine the mixture so the flour doesn't go everywhere, then add zucchini, onion, bacon, cheese and oil stirring to combine.

4. Season batter with salt and pepper (yes again)

5. Pour into the prepared pan and bake in oven for 30 minutes or until cooked through (slice can be checked by inserting a skewer into the middle which should come out clean)

Peace, Adam.

Release of Autumn Results - Tuesday 3 July

First Day of Spring Session - Monday 23 July

Last day to re-enrol without late fee 22 July
