

Due to the very high demand to live in the UOW managed student residences, we are no longer accepting applications for Session 1 (Autumn) 2012. While we understand that this may be a concern for you and your family, there are other living options which you may wish to consider. These include:

Keiraview Accommodation

Book temporary accommodation at Keiraview Accommodation for the first few weeks of arrival by emailing Keiraview@uow.edu.au. Please be sure to include your arrival dates and how long you would like to stay. The staff at Keiraview can help you with temporary arrangements.

Rydges Hotel

[Rydges Hotel](#) offers 4 star hotel accommodation to students. Rydges is located near the city centre of Wollongong. Students have access to convenient transport to the University via the free Gong shuttle. The trip is approximately 10 minutes. Rydges Hotel is a commercial operation and is not managed by the University of Wollongong. Ensure you mention that you are a UOW student to take advantage of the special student rates.

Private or Rental Accommodation

Consider private, rental or share accommodation in the Wollongong area. Accommodation Services offers housing assistance to students seeking rental accommodation. Information can be found on the Accommodation Services [Private Accommodation](#) website, and listings can be found [here](#). You can also speak directly to the [Housing Officer](#).

We hope that the above information helps you with your living arrangements for the start of the Autumn Session in 2012. Please feel free to contact [Accommodation Services](#) if you have any further queries in relation to your application.
