Jenny Lane has been working as a registered nurse and a midwife in rural and city NSW for 22 years. For the last 2.5 years of her career, she has been working as a Refugee Health Nurse for the South Eastern Sydney and Illawarra Area Health Service.

She has also worked:

- as an Immunisation Coordinator in central Sydney
- with an HIV/AIDS peer support group in Indonesia as a volunteer developing a 'health passport' for the mobile population of HIV/AIDS sufferers
- with the Drug & Alcohol services to set up a Primary Health Care clinic for needle syringe program clients

Come and hear Jenny speak about her experiences and how everyone can think laterally and strategically to make a difference globally and in our own backyard.
