Oades, L. G., Deane, F. P., & Crowe, T. P. The Collaborative Recovery Model. Paper presented at the Australian Integrated Mental Health Initiative (AIMhi) Conference, Royal Brisbane Hospital, September.

Oades, L. G. Hunt, S., Huntriss, D., Malins, G., & Viney, L. L. What do consumers want from a mental health service. Workshop presented at The Mental Health Services Conference, Gold Coast, September.

Oddy, B. W., Barry, R. J., Johnstone, S. J., & Clarke, A. R. Removal of CNV effects from the N2 and P3 ERP components in a visual go/nogo task. Paper presented to the IOP Conference, Thessaloniki, Greece, September.

Palmisano, S., Hudson, N. W., & Gillam, B. J. Visual aimpoint perception during simulated landing. A paper given at the Vision Sciences Society Conference, Sarasota, USA, May.

Palmisano, S., & Keane, S. Effect of visual jitter on visual-vestibular interaction duringvection. A poster presented at the 39th APS Conference on Psychological Science in Action, Sydney, September.

- Palmisano, S., Pekin, F., & Keane, S. Accelerating self-motion displays produce the most compelling vection. A poster presented at the 27th European Conference on Visual Perception, Budapest, Hungary, August.
- Parker, L. & Grenyer, B. F. S. Changes in core conflictual relationship themes in psychoanalysis. Area Meeting of the Society for Psychotherapy Research, Brisbane, September.
- Prowse, G., Palmisano, S., & Keane, S. Simulated night landing and time-to-contact perception. A poster presented at the 39th APS Conference on Psychological Science in Action, Sydney, September.
- Rayner, S. & Viney, L. L. Towards a personal construct model of trauma and recovery. Paper presented to the 12th Australasian Personal Construct Conference, Melbourne, July.
- Respondek, C., Solowij, N., & Ward, P. An investigation of neurocognitive performance, verbal learning ability and fMRI indices of cognitive functioning in long term cannabis users. Paper presented to the 39th Annual Conference of the Australian Psychological Society, Sydney, September.
- Respondek, C., Solowij, N., & Ward, P. Functional magnetic resonance imaging indices of memory function in long-term cannabis users. Paper presented to the International Congress of Biological Psychiatry, Sydney, February.
- Rushby, J. A., Barry, R. J., Berry, L., & Wallace, M. CNV changes with trial in an auditory ERP dishabituation paradigm: A low-frequency EEG analysis. Paper presented to the 14th Australasian Psychophysiology Conference, Melbourne, December.
- Rushby, J. A., Barry, R. J., Berry, L. E., & Wallace, M. J. Effects of stimulus intensity and response requirements on CNV changes with trial in an auditory dishabituation paradigm: A low-frequency EEG analysis. Paper presented to the IOP Conference, Thessaloniki, Greece, September.
- Rushby, R. J., Barry, J. A., & Doherty, R. J. Separation of components of the late positive complex in an ERP dishabituation paradigm. Paper presented to the IOP Conference, Thessaloniki, Greece, September.
- Smith, J. L., Johnstone, S. J., & Barry, R. J. Response priming in the go/nogo task: Additional evidence against an inhibitory N2. Paper presented to the IOP Conference, Thessaloniki, Greece, September.
- Smith, J. L., Johnstone, S. J., & Barry, R. J. Prestimulus processes as predictors of reaction time in fast vs. slow responders. Paper presented to the IOP Conference, Thessaloniki, Greece, September.
- Smith, J. L., Johnstone, S. J., & Barry, R. J. Response preparation and inhibition in a warned go/nogo paradigm: Effects of prestimulus processing on subsequent events. Paper presented to the IOP Conference, Thessaloniki, Greece, September.
- Smith, J., Johnstone, S. J., & Barry, R. J. Influence of informative cues on response preparation, inhibition and conflict. Paper presented to the 14th Australasian Psychophysiology Conference, Melbourne, December.
- Smith, J., Johnstone, S. J., & Barry, R. J. Effects of overt vs. covert responding on inhibitory processes in a cued-Go/NoGo task. Paper presented to the 14th Australasian Psychophysiology Conference, Melbourne, December.
- Solowij, N. Cannabis: Neuropsychiatric and psychobiological overview. Paper presented to the International Congress of Biological Psychiatry, Sydney, February.
- Solowij, N., Respondek, C., & Ward, P. Functional magnetic resonance imaging indices of memory function in long-term cannabis users. Paper presented to the 14th Annual Symposium on the Cannabinoids, Paestum, Italy, June.

Thompson, A., & Chan, A. Y. C. Children's counterfactual thinking to positive and negative outcomes: Is it related to creativity? Paper presented to the 5th International Conference on Thinking, Leuven, Belgium, July.

Truneckova, D. & Viney, L. L. The effects of personal construct group work on troubled adolescents. Paper presented to the 39th Annual Conference of the Australian Psychological Society, Sydney, September.

Truneckova, D., Viney, L. L., Carter, C. Exploring the developmental processes in close interpersonal relationships in psychotherapy for children. Paper presented to the 12th Australasian Personal Construct Conference, Melbourne, July.

Viney, L. L. & Nagy, S. Qualitative methods in personal construct research: what criteria to use? Paper presented to the 12th Australasian Personal Construct Conference, Melbourne, July.

Wallace, M. J., Barry, R. J., Rushby, J. A., & Zlojutro, I. Caffeine's effect on eyes-closed EEG: A double-blind repeated-measures crossover investigation. Paper presented to the 14th Australasian Psychophysiology Conference, Melbourne, December.

Zavitsanou, K., Huang, X-F., & Solowij, N. Significant correlations between cannabinoid and serotonin/glutamate receptor densities in the anterior cingulate cortex in schizophrenia: A site of functional interactions? Paper presented to the 14th Annual Symposium on the Cannabinoids, Paestum, Italy, June.
