The entry requirement for the Bachelor of Nursing Conversion, course 860, is an IELTS score of 6.5. Full-time Bachelor of Nursing (Conversion) students upgrading from diploma equivalent to bachelor must pass 24 credit points of subjects. This means they must do 4 six credit point subjects during one semester of study, either Autumn or Spring Semester.

Students are automatically enrolled in the compulsory 0 credit point subject ILIP100 Information Literacies Introductory Program. It is strongly recommended that students complete this subject as early in semester as possible.

The following is the recommended sequence of study:

**Spring Semester**

**ELL152 English Language Studies 1** consists of a two hour lecture and a two hour tutorial per week. It develops academic English skills. The subject coordinator is Dr Elizabeth Thomson, 19.2109.

**NURS165 Primary Health Care** consists of two hours of lectures and a two hour tutorial per week. It examines factors that influence health behaviours. The subject coordinator is Yvonne White, 41.119.

**NURS265 Nursing Therapeutics** is taught by flexible delivery, mainly WebCT. There are only 5 face-to-face tutorial sessions, there are no face-to-face lectures. It examines pharmacokinetics and various alternate and complementary therapies. The subject coordinator is Dr Peter Thomas, 41.216.

**NURS328 Nursing Resources Management** consists of a 1 hour lecture and a 2 hour tutorial per week. The subject coordinator is Dr Bill Janes, 41.213.

**Progression to Master of Nursing**

Students who successfully complete and are deemed adequately prepared for postgraduate studies may progress straight into another **12 months of full-time study** in a 48 credit point **Master of Nursing** by coursework. For further information contact Dr Bill Janes, 41.213.
