### After handing out all the surveys

Well done!

Can you answer the following questions and fax this sheet back to the Centre for Health Initiatives at the University of Wollongong at 02 4221 3370?

Name of practice and person filling out this form.....

.....

Date and time of commencement of handing out surveys.....

Date and time of completion of handing out surveys.....

What wording does your practice use with patients in referring to registrars?

Have you had any other 'new doctors' such as locums or doctors recently joined the practice, in the last 12 months? If so, can you briefly outline?

Our sincerest appreciation for you time.

Yours sincerely
