

The 2011 Illawarra and South East Science and Engineering Challenge

Event Brief

The 5th Illawarra and South East Science and Engineering Challenge was held on the 7 and 8 June 2011. A total of 532 students and 25 teachers from 17 High Schools representing the broad spectrum of the region attended. These included:

Day 1:

- Bulli High;
- Edmund Rice College
- Keira High School;
- Illawarra Christian School, Tongarra Campus;
- Macarthur Anglican School
- The Illawarra Grammar School;
- Smith's Hill High School
- Ulladulla High

Day 2:

- Carroll College
- Cedars Christian College
- Illawarra Sports High School
- Picton High School
- St John Bosco College
- St John the Evangelist Catholic High School
- St Joseph's Catholic High School;
- St Patrick's College;
- Warilla High School

The students competed in four (4) full day activities which were: Gold Fever, Escape from the Lost World, Eco-Habitech and Mission to Mars. Teams also competed in four (4) half-day activities including: Puff Puff Golf, The Dish, Flight!... of the Navigator and Back to the Future II.

The competition was incredibly tight on both days with media coverage on i98 and UOW TV were also present throughout Day 2.

Keira High School and Carroll College were the two victorious teams that now progress to the Super Challenge event scheduled to be held in August 2011.

Staff, Postgraduate students and volunteers from the Rotary Clubs of Wollongong, Dapto and Kiama and Wollongong Probus Group made this event possible as well as local sponsorship from Andrew Engineers Australia, AECOM, BlueScope Steel, Beca and Mr Jim Naumovski.

Thank you to all of our wonderful volunteers and talented students.

We hope you enjoyed your day!
