

## Appendix B – SECTE Computer Accounts

---

University of Wollongong

---

### SECTE Student Computer Accounts

Please note that at the beginning of each year all undergraduate computer accounts are RESET

All NEW students have an account automatically created which you need to ACTIVATE

---

#### To reset/activate your computer account:

Password = Student followed by “your student number”  
Note: the capital “S” in Student. Your password is case sensitive

For example...

Username: abc123

Password: Student1234567

If your student number doesn't work please try the exact password of Student1234567 as per the example above.

#### Changing your PASSWORD

We are now using paraphrases. A simple sentence with a combination of the below items is perfect.

Your paraphrase should be a sentence at least 14 characters long.

USE UPPERCASE LETTERS

use lowercase letters

Use non alpha characters (!@#%&\*\_+{}|:~<>?~

Use numbers 1234567890

#### For example...

2 pigs really Fly?

What do I change my password2!

D0n't f0rget y0ur passw0rd!
