

Oral Presentation List

Presentation Title	Student Name & Faculty
Good Health	
Arsenic Resistance	Alex, Sherin Mary Faculty of Science
Understanding the molecular biology of PAI-2	Cochran, Blake Faculty of Science
Do athletes with and without asymptomatic patellar tendon ultrasonographic abnormality differ in their landing technique?	Edwards, Suzi Faculty of Health and Behavioural Sciences
Fitness and activity levels of primary care patients with depression and/or anxiety	Forsyth, Adrienne Faculty of Health and Behavioural Sciences
The effect of low dose tuna fish oil on cardiac hypertrophy and membrane fatty acid composition in the rat heart	Henry, Renee Faculty of Health and Behavioural Sciences
Divide and Conquer; Adolescent Sun Protection Investigation	Lynch, Melissa Faculty of Health and Behavioural Sciences
Consumer responses to health claims in food advertisements using both 'lay' and 'scientific' terms	McMahon, Anne Faculty of Health and Behavioural Sciences
Soft tissue thickness, plantar sensation and foot pain: What is the effect of obesity on the older foot?	Mickle, Karen Faculty of Health and Behavioural Sciences
Correlates of Self-Harm Behaviour in Patients with Borderline Personality Disorder	Parker, Gina Faculty of Health and Behavioural Sciences
Determining Evolutionary Relationships Using Mitochondrial Genetics	Riepsamen, Angelique Faculty of Science
The contribution of acceptance and commitment therapy to understanding mental health recovery	Siqueira, Vinicius R Faculty of Health and Behavioural Sciences
New Methods and Materials	
Continuum description of the energetics of nanopeapods	Baowan, Duangkamon Faculty of Informatics
First Ever Production of Polypyrrole Fibres	Foroughi, Javad Faculty of Science/Engineering
Carbon nanotubes as noncarriers for drug delivery	Hilder, Tamsyn Faculty of Informatics
Effect of confinement shapes on the behaviour of Reinforced HSC beams	Jeffry, Ross Faculty of Engineering
Impact studies towards the development of a new design concept for railway concrete sleepers	Kaewunruen, Sakdirat Faculty of Engineering
A New Machine Learning Approach for Neural Networks	Nguyen, Giang Hoang Faculty of Engineering
Modification of Paint Surfaces for Contamination Resistance	Riessen, Dylan Faculty of Engineering

Presentation Title	Student Name & Faculty
Removal of trace organic contaminants by submerged membrane bioreactors	Tadkaew, Nichanan Faculty of Engineering
Development of filtered-arc deposited titanium-nickel coating for cavitation erosion resistance in liquid environment	Yang, Limei Faculty of Engineering
Strengthening of Circular Reinforced Concrete Columns by External Fiber Reinforced Polymer (Frp) Wrapping	Yazici, Veysel Faculty of Engineering
The Decision to Go Public: A Case Study of IPO's in Thailand CANCELLED	Chorruk, Jirapun Faculty of Commerce
Power, Politics and Public Debate - The National Radioactive Waste Facility and implications of a unilateral govt approach	Hopkins, Kerryn Faculty of Arts
Application of a Marketing Orientation within Non-Profit Charities	Chad, Paul Anthony Graduate School of Business
Using design-based research methodology to examine ways that Primary Schools teachers provide authentic learning experiences for their students	Mantei, Jessica Faculty of Education
What about me? Children as co-researchers	Marr, Patricia Ann Faculty of Education
The Social impacts of the Vietnam War on Australian and South Vietnamese Soldiers' wives.	Shoebridge, John F Faculty of Arts
An Examination of Public and Private Organisations Business Strategies for Creating Maximum Business Value	Siddiqui, Aftab A Faculty of Engineering
Increasing accountability in the Agricultural Sector: Cases of Shifting power relations and dispossession in the Murrumbidgee Irrigation Area	Spasich, Connie Faculty of Commerce
Putting the community back into community standards for advertising CANCELLED	Van Putten, Katherine Faculty of Health and Behavioural Sciences
The Convergence of IFRS in China	Zhang, Ying Faculty of Commerce
Picture Perfect: problematizing discourses of the 'ideal'	Barnes, Nicoli Faculty of Education
The Error of Blaming the Crowd After Crowd Related Disasters	Bourne, Kylie Faculty of Arts
Fact, Falsity, and Filth: a journalist and his story	Cahill, Rowan John Faculty of Arts
Optimal Experience and Sustainability in Australian Collaborative Independent Theatre	Kreis, Jane Elizabeth Faculty of Creative Arts
"Houseboys" as Homemakers in Colonial Darwin and Singapore, 1890-1920	Lowrie, Claire Faculty of Arts
The Phenomenology of Emotion	Lymer, Jane Margaret Faculty of Arts
Extensions of the <i>koto</i> tradition	Narushima, Terumi Faculty of Creative Arts

Presentation Title	Student Name & Faculty
The Popular Image of Japanese Femininity Within Shojo Culture and Superflat	Stockins, Jennifer M Faculty of Creative Arts
Beyond the Romance of the Orientalists Exploring Bicultural Paradigms in Australian Contemporary Art in the Twenty First Century	Tzavaras, Annette Faculty of Creative Arts
