1. UOW’S STUDENTS - THE HAPPIEST IN THE COUNTRY!

The University of Wollongong has scored highly in rankings released last week by the Australian Department of Education. The ranking of 37 public Universities in Australia shows UOW ranks No. 1 for student retention in the first year of their studies AND No. 1 for full time graduate employment, with 93% of graduates employed within the first 2 months of completing their studies.

The ranking reflects the University’s ‘student centered’ approach to teaching and learning and the services and additional support available to students outside the classroom.
