Conditions of Award

International Exchange Travel Grants for students commencing semester exchange programs in Autumn Session 2010

- International Exchange Travel Grants are awarded the commencing session of study at a UOW Exchange Partner University. Targeted travel grants are available for selected partner institutions and this list will be available from the Study Abroad & Exchange Office each session.
- To be eligible for a travel grant all applicants must complete section 7 of the International Student Exchange Program Application Form. This section should include information about how you propose to finance your exchange, it must also include details about any scholarships or funding from employers or other organisations. This is your opportunity to advise the selection committee of any financial needs which should be taken into account when targeted travel grants are allocated.
- Approval of targeted travel grants will take place as soon as possible after exchange placements are finalised. Travel grants will be paid by EFT into a student's bank account upon confirmation of enrolment and arrival at the overseas university. Travel grants for International students are credited towards UOW tuition fees.
- Targeted travel grants will be awarded on the basis of academic merit; however financial need, as outlined in the Application Form, may be taken into account. The supporting scholarship section 7 of the International Student Exchange Program Application Form and the student interview will also be taken into consideration. Preference will be given to students proceeding on exchange for two sessions.
- Award of any travel grant is conditional upon the student participating in the International Student Exchange Program through the University of Wollongong, at the host university approved by the UOW Study Abroad & Exchange Office and during the session specified in the letter of offer. It is also conditional upon the student successfully completing the exchange program and meeting other program obligations in accordance with the exchange program Student Agreement. The recipient will be required to repay the travel grant to UOW if he/she withdraws from the program prior to the completion of the exchange period, or if the exchange is cancelled. Normal UOW rules relating to failure to pay charges will apply.

<http://www.uow.edu.au/student/finances/index.html>

Students must be enrolled in a relevant degree program at the University of Wollongong at the time of travel and for the duration of the exchange program.

- All travel grant recipients are required to attend the pre-departure and re-entry meetings, and to commit as a volunteer upon return from exchange to assist with the UOW Study Abroad & Exchange Office's promotions to future exchange students as outlined in the Student Agreement Form.
- The University reserves the right to change the travel grant amount or to not award a travel grant for a particular institution.
- Final approval for funding is at the discretion of the Pro Vice-Chancellor (International).

Travel grants are also available for short-term international programs undertaken for credit towards a UOW degree. Refer to the Application for Travel Grant for Short-term International Programs Form for further information.

Please contact the UOW Study Abroad & Exchange Office (studyabroad@uow.edu.au) for further information.

The University of Wollongong attempts to ensure that the information contained in this publication is correct at the time of production July 2009, however, sections may be amended without notice by the University in response to changing circumstances or for any other reason. You should check with the University at the time of application/enrolment whether any later information is available.
