

Client Survey

We are doing a survey of client services in this court. We are judging the court according to these criteria:

- how easy it is to reach, to use and to understand and be understood
- how promptly it deals with clients and their cases
- how fair it is
- how independent it is
- whether it uses public funds accountably
- whether you, the public, have trust and confidence in it.

The study is being done by the Magistrate, Registrar and staff of this and other courts.

Please take a moment to fill in the form.

Thank you!
