

**Client surveys**

*With the aim of having about 100 responses each from civil claims and the Chamber Magistrate, the survey is to be carried out for one week (large courts) to four weeks (small courts): to commence before court visit.*

A simple slip is to be given to each unrepresented plaintiff in civil claims, and each client of the Chamber Magistrate.

Insert the results of the survey and the Census data into the following table:

	<b>ATSI</b>		<b>Born O'seas NES Country</b>	
	<b>No.</b>	<b>% (of total pop./clients)</b>	<b>No.</b>	<b>% (of total pop./clients)</b>
Define census area (eg Local government area) ABS Census data for that area	.....	<input type="checkbox"/>	.....	<input type="checkbox"/>
Civil claims	.....	<input type="checkbox"/>	.....	<input type="checkbox"/>
Chamber Magistrate	.....	<input type="checkbox"/>	.....	<input type="checkbox"/>
