“Self-managing environmentalism,” Sociological Association of Australia and New Zealand conference, University of New South Wales, 27 August 1982.

“Mathematical modelling of wind power in electrical grids,” Department of Mathematics, Australian National University, 1 June 1982.

“Community control over energy policy” [workshop], Energy Conservation in Australia in the 80s and Beyond, University of New South Wales, 6 December 1981.

“Impact of research funding on curriculum,” Conference on Curriculum: For Whom? Under Whose Control?, Australian National University, August 1981.

[“War and peace,”] Burgmann College, Australian National University, 5 August 1981.

“Nuclear expertise and political values,” School of Science, Griffith University, 5 July 1981.

“The power structure of science,” School of Science, Griffith University, 5 July 1981.

“Economic value of wind power in an electricity grid,” University of Newcastle, 1 May 1981.

“Nuclear knights,” University of Newcastle, 30 April 1981.

“The power structure of science and the suppression of environmental scholarship,” University of Newcastle, 29 April 1981.

“Methods in calculating magnetic atmospheres,” Physics Department, York University, Toronto, 9 January 1981.

“The power structure of science and the suppression of environmental scholarship,” Liberal Studies Programme, York University, Toronto, 9 January 1981.

“Values underlying the SST controversy,” American Association for the Advancement of Science National Meeting, Toronto, 8 January 1981.

“The anti-nuclear movement in Australia,” Nuclear-Free State, Tucson, Arizona, 23 December 1980.

“Methods in calculating magnetic atmospheres,” Steward Observatory, University of Arizona, Tucson, 22 December 1980.

“Suppression of Australian research—how widespread is it?,” National Science Forum, Canberra, 29 September 1980.

“Calculating the capacity credit of wind power,” Simulation Society of Australia Conference, 27 August 1980.

“Mobilizing against nuclear war,” Left Discussion Group, Canberra, 21 May 1980.

“The power structure of science and the suppression of environmental scholarship,” Australian and New Zealand Association for the Advancement of Science, Congress, University of Adelaide, 15 May 1980.

“Scale and reliability in electricity grids” [poster presentation], Australian and New Zealand Association for the Advancement of Science, Congress, University of Adelaide, 12-16 May 1980.

“Functions of the academic elite structure,” Higher Education Research and Development Society of Australasia, Conference on Freedom and Control in Higher Education, Canberra, 6 May 1980.

“Nuclear knights,” Energy Working Group, Australian National University, Canberra, 18 February 1980.

“Computer models of electricity grids containing windpower” [with Mark Diesendorf and John Haslett], CSIRO Division of Mathematics and Statistics, Canberra, 19 October 1979.

“Psi: evidence and implications,” Centre for Continuing Education, Australian National University, 23 August 1979.

“Uranium mining” [debate], Students’ Association, Australian National University, 14 August 1979.

“Science for the public,” Seminar on Science and Technology for Development?, Canberra, 4 August 1979.

[“Nuclear power and uranium mining”], Tuggeranong Apex Club, Canberra, 11 April 1979.

“Values underlying arguments on the uranium issue,” Environmental Philosophy Conference, Australian National University, 28 October 1978.

“Environmental studies and politics,” Zoology Department, University of Adelaide, 9 October 1978.

[“Nuclear power and uranium mining”], Canberra North Rotary, 20 April 1978.

[“Nuclear power and uranium mining”], Youth Hostels Association of NSW, Canberra, 7 February 1978.

[“Nuclear power and uranium mining”], public meeting, Bathurst, 3 December 1977.

[“Nuclear power and uranium mining”], public meeting, Lithgow, 2 December 1977.

[“Nuclear power and uranium mining”], public meeting, Ulladulla, 27 November 1977.

[“Nuclear power and uranium mining”], public meeting, Nowra, 26 November 1977.

[“Nuclear power and uranium mining”], public meeting, Kiama, 25 November 1977.

["Nuclear power and uranium mining"], two public meetings, Goulburn, 14 November 1977.

"Living without uranium," Down to Earth, Canberra, 25 September 1977.

"Uranium" [panel], public meeting, Albert Hall, Canberra, 20 September 1977.

"Magnetic broadening of hydrogen lines in white dwarfs," Department of Applied Mathematics, Australian National University, Canberra, 14 September 1977.

"Social and ethical aspects of nuclear power," Ainslie All-Saints Hall, Canberra, 30 July 1977.

"Radical technology," Left Discussion Group, Canberra, 19 June 1977.

"Why scientists are threatened by Velikovsky," ANU Science Society, Canberra, 28 September 1976.

"Alternative technology and the politics of technical change," Environmentalism Discussion Group, Canberra, 21 September 1976.

"Evaluating models of urban air pollution," Centre for Resource and Environmental Studies/CSIRO Division of Mathematics and Statistics, Canberra, 10 June 1976.

"Human impact on the upper atmosphere," Centre for Resource and Environmental Studies, Australian National University, 25 May 1976.

"The impact of technology on Australian society," Joint Services Staff College, Canberra, 6 April 1976.

"The ideological basis and uses of game theory," Science for People, Canberra, 1 April 1976.

"The contexts of environmental decision-making: a case study," Tinderry Club Seminar, Canberra, 31 March 1976.

"Psi: experimental evidence, and a theory," Centre for Resource and Environmental Studies, Australian National University, 24 February 1976.

"Time-symmetric thermodynamics and causality violation" [with Sandy Donald], Department of Theoretical Physics, University of Sydney, 18 November 1975.

"A numerical representation of the diffusion equation," Theoretical Physics Department, University of Sydney, Tuesday 12 April 1974.

"Escape of Lyman alpha from optically thick planetary nebulae by radiation redistribution in frequency," Theoretical Physics Department, University of Sydney, 26 June 1973.

"Supersonic transport aircraft and ozone," School of Physics, University of Sydney, 1972.

"The direction of time," School of Physics, University of Sydney, 22 June 1971.
