The Master of Education is a higher degree for teachers and educators wishing to pursue advanced studies in their area of interest. Many subjects require the application of research and theoretical insights into actual practice, and it is desirable that students have some full-time workplace/teaching experience.

The Master of Education (TESOL) can be completed in 1 year (full time), or up to 3 years (part time). To be considered a full time student you need to be enrolled in a minimum of three subjects in the one intake. We generally recommend taking at least 12 months to complete this course.

**Suggested Course Progression**

For a student wanting to complete two subjects per intake, the recommended progression would look like this:

<table>
<thead>
<tr>
<th>Intake 1</th>
<th>Intake 2</th>
<th>Intake 3</th>
<th>Intake 4</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDGT984 + one TESOL elective subject</td>
<td>Two TESOL elective subjects</td>
<td>EDGZ921 + one elective subject (does not have to be a TESOL subject)</td>
<td>Two elective subjects (do not have to be TESOL subjects)</td>
</tr>
</tbody>
</table>

EDGT984 is a core subject for the Master of Education (TESOL), we recommend taking this in the first intake. Elective choices can be found here: [http://www.uow.edu.au/handbook/yr2011/pg/educ/H11006185.html](http://www.uow.edu.au/handbook/yr2011/pg/educ/H11006185.html). We recommend you select your electives based on compatibility with your employment requirements and interests.
Course Requirements

The MEd program will normally comprise 48 credit points of study, chosen as follows.

**EDGZ921 Introduction to Research and Inquiry (6 credit points)** or equivalent. It is recommended that this subject be completed early in the program of study; and,

at least **24 credit points from the TESOL program** (see below). Including the core subject; and

up to 18 credit points of electives chosen from any MEd specialisation. The amount of choice available will vary from program to program. A list of elective subjects is available at the following web site:
