UNIVERSITY OF WOLLONGONG
FACULTY OF ENGINEERING
SUMMER VACATION SCHOLARSHIPS IN ENGINEERING
CONDITIONS OF AWARD

1. Summer Vacation Scholarships’ will be offered by the Faculty of Engineering in the Engineering disciplines of Physics, Mechanical, Materials and Mechatronics; Civil, Mining and Environmental. The principle reason for providing these scholarships is to identify and encourage undergraduate students to pursue Higher Degree Research in the above areas.

2. Applicants must be enrolled full-time in an undergraduate degree offered by the Faculty of Engineering at UOW.

2. Scholarships will be awarded on the basis of academic merit and research potential in the preferred area of study.

3. The Scholarships’ will be tenable for an agreed period of up to 10 weeks.

4. The Scholarship holder will undertake a research project as outlined in the offer of the Scholarship and under the direction of the relevant academic staff member.

5. The Scholarships will have a stipend of $500 per week (tax exempt) or as may be determined by the academic staff member.

6. The Scholarship holder will not be required, as a condition of the Scholarship, to render any service to the University outside the specific research project, specified in the offer of the Scholarship.

7. In each case, the Scholarship will be awarded by the University on the recommendation of the Dean of Engineering, who shall be advised by the Chair of the Faculty Research Committee and the Faculty Sub-Dean after appropriate selection by a sub-committee in the Faculty.

8. Applications including curriculum vitae must be lodged with the Faculty of Engineering Research Coordinator not later than the date announced each year.
