Strategic Research Partnership Grants

Researchers: Professor Sandra Jones, Ms Louise Waters, Ms Jo Telenta, Mr Chris Magee, Mr Lance Barrie

Funding: The Cancer Council NSW

PROJECT OVERVIEW:

The Centre for Health Initiatives (CHI) was commissioned by The Cancer Council NSW (TCCNSW) over a period of 2008-2010 to conduct structured interviews, Delphi processes and Nominal group processes with national and international experts in a number of specific areas of cancer research - Barrett’s Oesophagus and Oesophageal Cancer, Colorectal Cancer, Pancreatic Cancer and Glioma. The purpose of this research was for TCCNSW to identify high priority research issues that could be targeted to accelerate progress in cancer control policy and practice.
