1 Introduction / Background

1.1 The University of Wollongong is committed to providing students with the opportunity to include international perspectives and experiences in their courses of study. This goal is incorporated in the UOW Graduate Qualities.

1.2 The Office of the Deputy Vice-Chancellor (International) supports this commitment by funding International Travel Grants for eligible students to undertake an international experience to count as part of their studies at the University of Wollongong.

2 Scope / Purpose

2.1 This procedure will cover travel grants and external funds for outbound mobility administered by UOW for undergraduate and postgraduate coursework students undertaking an international experience. Postgraduate research students, except any research students participating in the UOW Semester International Student Exchange Program, are not eligible to apply for a UOW International Travel Grant and should instead investigate travel funding options through the UOW Research Student Centre.

2.2 The travel grant funding, which is determined on an annual basis, is available for the following programs where they are for credit towards a UOW degree and are approved in advance by the relevant Academic Unit/Sub-Dean and the Study Abroad & Exchange Office:

- Priority 1: Semester exchange placements at exchange partner universities;
- Priority 2: Approved short-term programs, at least two weeks in length, as listed in Section 4. These include, but are not limited to, intensive language/culture programs or other short-course at an approved partner institution, study tours led by UOW academic staff, overseas practice teaching placements or internships to count as either specified or unspecified credit towards UOW degree. Travel grants for short-term programs are subject to overall availability of funds;
- Priority 3: Semester Study abroad (fee-paying) programs;
- Priority 4: Short-course Study Abroad (fee-paying) programs.

2.3 Scholarships funded from external sources and administered by UOW e.g DEEWR funded International Exchange and Short-term Mobility Scholarships, will generally be subject to the same deadlines, procedures and conditions of award as UOW Targeted Institution Travel Grants in line with the particular external funding guidelines.
