

WIC Student Ambassadors Program EOI

WIC Student Ambassador Program Overview

The Future Student and Engagement Ambassador's program contributes to our vision of showcasing and promoting UOW as the University of choice to our potential Aboriginal and Torres Strait Islander student cohort. The student ambassador program aims to develop leadership and employability skills of current students who have a passion for their course, enjoy university life, and want to share their experiences. WIC student ambassadors work alongside our Future Student and Engagement service stream. The focus is on engaging our future students at various events held both within high schools, UOW and at external events to provide insight into what studying at UOW is really like.

Selection Criteria
