Hard work pays off

UOW Scholarships and Grants will help you reach your goals. We believe that excellence deserves reward – and if you’re willing to put in the hard yards, then so are we.

Some of our scholarships are designed to reward the most academic and talented students for their achievements. Others recognise the personal attributes and community contributions of well-rounded students. We also offer scholarships to students with exceptional sporting ability, to allow them to study as well as pursue their sporting goals.

Each scholarship gives you financial assistance so that you can focus more effectively on your studies. Some will also offer the opportunity for work-integrated learning programs that include work experience with one of our corporate sponsors.

This guide will show you UOW’s scholarship options. Applications are now open and on-time applications will close 30 November 2017.

Scholarships at a glance

We know that all students are different and have different needs and priorities, so we work hard to make sure that we have scholarships to suit all students.

There are seven main types of UOW Scholarships:

**ACADEMIC**
Academic Scholarships reward academic excellence and require a high level of achievement in the HSC (for students intending on studying at UOW in 2018). See page 4 for more information.

**FACULTY**
Faculty Scholarships recognise students’ high achievement in study areas pertaining to the degree they want to pursue at UOW. Along with financial support, recipients will fulfil an ambassadorial role for the faculty by participating in events. See page 5-8 for more information.

**WORK INTEGRATED LEARNING**
Work Integrated Learning (WIL) Scholarships are sponsored by UOW’s corporate partners. WILs combine financial support and work experience with the corporate sponsor providing the scholarship. Students gain valuable practical experience and contacts to enhance their degree. Eligible students will be enrolling in degrees that are in line with the sponsoring organisation's industry. See page 9 for more information.

**CORPORATE**
Corporate Scholarships are industry-specific scholarships provided by organisations to encourage students to study, or continue to study in a particular field. See page 10 for more information.

**SPORTING**
Sporting Scholarships provide financial support to talented athletes. They recognise the outstanding abilities of sporting men and women in their particular field and provide financial support to assist with the costs associated with competing at elite levels. See page 12 for more information.

**EQUITY**
Equity Scholarships provide assistance to students who are experiencing social or financial disadvantage. See page 13 for more information.

**COMMUNITY**
Community Scholarships are provided by local individuals and community groups to support high-achieving students who are particularly motivated and interested in a career path or who have come to UOW from a specific town or region. See page 15 for more information.

Standard criteria and information

The following criteria apply to all UOW Future Student Undergraduate Scholarships for 2018:

Applicants must be commencing study in 2018 as a first year (no previous enrolment at UOW) full-time student at UOW (unless advised otherwise).

Applicants must be Australian Citizens, Australian Permanent Residents or holders of an Australian Humanitarian Visa (unless advised otherwise).

There is additional criteria that varies for each scholarship and will be detailed in each scholarship listing.
How to apply

1. WORK HARD
   Work as hard as you can in your final year of high school. Strong marks and a willingness to work hard means you’re ready to study at UOW.

2. FIND THE SCHOLARSHIP FOR YOU
   All of our scholarships, including their values and application criteria are listed in this guide. Make sure you read and understand the selection criteria for each scholarship.

3. APPLY ONLINE
   UOW Scholarship applications are online at [uow.edu.au/about/scholarships](http://uow.edu.au/about/scholarships)
   If you’re unable to access the internet to submit an application – call the Scholarships Team on (02) 4252 8959.

   The online form will ask you what degrees you’re interested in pursuing at UOW – by entering this information you’ll automatically be considered for the appropriate UOW Faculty Scholarships. You will then be asked to select any other scholarship/s you’d like to be considered for. The application form will also tell you what supporting documentation you’ll need to supply with your application.

   Applications are open now, and will be accepted until 30 November 2017.

4. INTERVIEWS
   Some scholarships will require you to attend an interview, while others will be awarded based solely on your application.

   Applicants who are shortlisted for an interview will firstly be contacted by telephone and then will have all the interview information sent to their email account.

5. OUTCOMES
   Scholarship applicants to receive the outcome of their UOW Scholarship application in writing from late December 2017. This notification will be sent to the email address you provide in your application.

   All applicants will be ranked, so in the event that a successful candidate does not accept their scholarship offer, the next person on the list will be made the offer.

   An application for a UOW Scholarship is not an application to study at UOW. You will still need to apply for admission to UOW via the Universities Admission Centre (UAC). Similarly, an offer of a UOW scholarship is not an offer of admission to UOW.

   You must receive an offer to study at the University of Wollongong via UAC for your scholarship offer to be activated.

   For information about the Universities Admission Centre, refer to [uac.edu.au](http://uac.edu.au)

Work Integrated Learning
Scholarships

Work Integrated Learning (WIL) Scholarships combine financial assistance with an experiential placement at the company who is providing the scholarship.

As well as easing your financial burden while you study, a WIL scholarship can offer:

- Invaluable industry experience
- Insight into communication skills for the workplace
- Self-confidence and a greater sense of responsibility
- Competence in the practical application of theory
- A competitive advantage when you graduate

CRITERIA:

- Recognised academic achievement based on recent academic records
- Motivation, interests and attitudes in relation to a nominated career path
- Communication and interpersonal skills

CONDITIONS:

WIL Scholarship holders will be required to undertake up to 12 weeks of experiential placement each year (usually during summer break) with the sponsoring organisation.

Continuation of the scholarship is subject to both satisfactory academic and workplace performance.

Please refer to the UOW Scholarships website for more detailed information on the following scholarships available for future students, as well as opportunities for enrolled UOW students.

The Westpac Bicentennial Foundation – Young Technologists Scholarships

The Young Technologists Scholarship aims to support future generations of Australian leaders who have the drive to shape the social and economic future of our nation. This is one of five scholarship programs offered by the Westpac Bicentennial Foundation, which is supporting 100 scholars a year, forever.

Scholarship recipients will become members of the Westpac Scholars alumni program, and gain access to ongoing networking, learning and educational opportunities. Westpac Scholars will lead Australia and the world in shaping technology, advancing social issues, driving innovation and research, and strengthening our connections in Asia.

For Australia to realise its full potential in the digital age we must invest in tomorrow’s leaders today. The Young Technologists scholarships will strengthen Australia’s pool of technology talent by encouraging greater diversity and broader participation in technology-related studies.

**AMOUNT:** $5,000 per year for the duration of the degree (up to a maximum of five years)

**NUMBER AVAILABLE:** Six

**SELECTION CRITERIA:**
- Applicants must be Australian Citizens or Permanent residents
- Applicants must have plans to enrol at the University of Wollongong at the time of application and throughout the selection process
- Applicants must have plans to enrol in a Bachelor of Computer Science, a Bachelor of Information Technology or a Bachelor of Business Information Systems at the University of Wollongong
- Applicants must display an interest in enhancing Australia’s technology and/or digital landscape, demonstrated via a written statement to be included in the scholarship application package
- Applicants must provide all information and complete required tasks before the due date advertised

**ONGOING CRITERIA:**
- Applicants must be enrolled on a full-time basis (study load)
- Scholarship recipients must maintain a credit average (weighted average mark 65+) for the duration of the scholarship
- Successful applicants will actively engage as alumni members of the Westpac Scholars Program, which includes a commitment, at least for the first 12 months after the scholarship, to actively share their experience, attend alumni events and promote the scholarship within their educational institution
Being awarded the Faculty Undergraduate Scholarship was a great recognition of the effort I had put into the HSC, and receiving the Vice Chancellor’s Academic Excellence Scholarship was an added bonus, which really kick-started my first year at uni.

The opportunity to undertake a research project after being awarded a Summer Vacation Scholarship gave me an insight into what my Honours year would be like very early in my degree.”

Frequently asked questions

Q. Why apply for a UOW Scholarship?
A. Our scholarship program gives students with the opportunity to focus more effectively on their studies by providing some financial independence. In addition, our Work Integrated Learning scholarships offer valuable industry-based experience.

Q. Who should apply?
A. Future UOW students who are Australian Citizens, Permanent Residents of Australia, or holders of an Australian humanitarian visa are eligible to apply (unless stated otherwise).

Q. How do I apply for a scholarship?
A. Applying is easy. Go to our scholarship website uow.edu.au/about/scholarships for application information and access to our easy online application form. Online applications open on 1 July 2017. All applications are submitted at this website. If you don’t have access to the internet, call our UOW Scholarships team on (02) 4252 8959.

Q. Is there a different application process for equity type scholarships?
A. For all scholarships listed in the ‘Equity Scholarship’ section please refer to the Universities Admission Centre (UAC) Equity Scholarships for application information www.uac.edu.au/equity/

Q. How can I find out more about the UOW Future Student Scholarships?
A. You are able to access information regarding scholarship opportunities via the UOW Scholarships ‘Search Scholarships’ button then select the prospective student option. You’ll then be able to search according to your individual needs. You can also call (02) 4252 8959 to speak to a member of the UOW Scholarship team.

Q. Is there specific criteria for each scholarship?
A. Yes, the following criteria apply to all UOW Future Student Undergraduate Scholarships for 2018:
- Applicants must be commencing study in 2018 as a first year full-time undergraduate student (unless advised otherwise).
- Applicants must be Australian Citizens, Australian Permanent Residents or holders of an Australian Humanitarian Visa (unless advised otherwise).

There is additional criteria that varies for each scholarship. Check requirements for each scholarship at uow.edu.au/about/scholarships

Q. How will I know my application has reached the Scholarship Office?
A. As part of the application process you will be provided with an email receipt of submission of your application. If you do not receive a receipt of submission, in the first instance check your ‘junk mail’ (some email services automatically direct receipts to their user junk mail boxes). If you still haven’t received a receipt please contact Scholarships on (02) 4252 8959, or email scholarships@uow.edu.au

Q. I live a few hours drive from Wollongong, if I am short listed for a scholarship interview; can I arrange for it to be done over the phone?
A. Yes. In most cases, this will be fine. If you receive an email inviting you to an interview, you should contact Scholarships on (02) 4252 8959, or email scholarships@uow.edu.au to enquire whether the selection panel are willing to conduct a phone interview.

Q. How will I know if I am successful?
A. Some scholarships require you to attend an interview, while others will be awarded based solely on your application. For interviews, short-listed applicants will firstly be contacted via telephone and then will have interview information sent to their email account.

All applicants will be ranked, so in the event that a successful candidate does not accept their scholarship offer, the next person on the list will be made the offer.

Q. Can I defer my UOW scholarship?
A. No. You cannot defer your scholarship unless detailed under ‘Additional Information’ or in your scholarship offer letter. If you are not able to commence study in the year the scholarship is offered we ask you inform the Scholarship Office. You are more than welcome to make a scholarship application for the following year.

Q. How will I be paid?
A. Each scholarship is paid in two equal instalments each year that the scholarship lasts. The first payment each year is in April, the second is in September. Any changes to this payment schedule will be detailed in your scholarship offer. If you do not receive a receipt of submission, in the first instance check your ‘junk mail’ (some email services automatically direct receipts to their user junk mail boxes). If you still haven’t received a receipt please contact Scholarships on (02) 4252 8959, or email scholarships@uow.edu.au

Q. Will I have to pay tax on my scholarship?
A. Most scholarships are not taxable; though UOW encourages each scholarship recipient to seek their own advice. A good place to start is the Australian Tax Office (ATO). To find out if your scholarship is taxable go to ato.gov.au and use the ‘Scholarship Decision Tool’.

Q. I am an international student, are there scholarships for me at UOW?
A. There are many scholarships specifically for international students. For more information, head to uow.edu.au/future/international/apply/scholarships or call UOW Future Students on 1300 367 869.
