What we stand for

The University of Wollongong is a global leader in discovery and learning – working to transform people and the world we live in.

Our ambition for our graduates is that they will be agile, ethical and competitive in the global economy. And that their experience will shape their sense of self as well as their future career.

Our purpose is geared to making an impact at a global level.

We stand for purpose and you are welcome to stand with us.

What struck me the most in the first weeks at UOW was how well they cared for us students. That, along with the beautiful campus and the enthusiasm of lecturers, made UOW a perfect choice for me.

Of course, a semester abroad is about more than studying. Wollongong’s awesome surf spots and hiking opportunities, food markets, along with being just 1 hour from Sydney made my time abroad packed with memorable experiences.”

LINKÖPING UNIVERSITY – SWEDEN
LIFE AT UOW

Wollongong, a university city

Being Australia’s ninth largest city and just over an hour from Sydney, Wollongong is a vibrant city that offers the perfect Australian lifestyle. It’s affordable, easy to get around and enjoys a lower cost of living than other Australian cities.

With 17 patrolled surf beaches, a strong sporting community, a rapidly growing music scene and café culture, Wollongong makes being a student easy.
LIFE AT UOW

The campus experience

Our Wollongong campus combines modern teaching and study spaces on 83 hectares (205 acres) of landscaped Australian bushland.

At UOW you can study in a clean, healthy environment that combines the benefits of an active Australian lifestyle with the resources of an international university. When you want to work together and make new friends you’ll find yourself in a welcoming community filled with people from over 130 countries.

Our campus includes academic support, accommodation, sports, culture and entertainment—everything you need.

Choosing your subjects

Subjects are taught as a mix of lectures, tutorials or seminars, laboratory work where appropriate, and individual study. Study Abroad and Exchange students are assessed in the same way as Australian students.

PLANNING A PROGRAM OF STUDY

Study Abroad and Exchange students enrol for one or two sessions as a non-award student at UOW. UOW sessions (semesters) commence in Autumn and Spring (February and July).

If you are studying a postgraduate business program at our Sydney Business School Sydney or Wollongong Campus, your sessions are trimesters and start in February, May, and August. Students enrol in three subjects (18 credit points) per trimester. Students must decide whether they wish to study at the Wollongong or Sydney campus, and only select subjects available at that campus. Students cannot select subjects in a Wollongong or Sydney-based program that includes both trimesters and semesters.

ASSESSMENT

The assessment details for each subject are available under “Subject Information” at uow.edu.au/handbook. A comprehensive syllabus outlining assessment and other expectations is provided to students in the first lecture of each subject.

THE WORKLOAD

Study Abroad and Exchange students must enrol in a minimum of 16 credit points (usually equivalent to four subjects) per semester (three is the maximum number of subjects per postgraduate business trimester) to meet the requirements of a student visa.

Your home institution may separately require that you enrol in a minimum of four subjects per semester.

In determining your individual program, you should note that:

- subjects are offered on a credit point basis
- a normal full-time course load is 48 credit points over two sessions, or 24 credit points for one session (in either Autumn or Spring session), or 12 credit points in Summer session.

One credit point has an implied workload of two hours per week. Six credit points represents a minimum of 12 hours of work per week, which may be three hours of lectures, four hours of reading and five hours of personal study or essay writing. Many full-time students will spend fewer than 15 hours a week in contact with lecturers or tutors but will be expected to prepare for these classes with reading and tutorial preparation.

Australian universities require students to be self-directed in their study and to submit a considerable amount of written work in assignments and seminar or tutorial papers.

TRANSCRIPTS

Transcripts of your UOW subject results are issued by the University at the end of each session, and provide details of the subjects completed and final mark and grade awarded. Official transcripts are sent to your home university or program provider for credit transfer.
UOW study areas

UOW offers subjects in a wide range of study areas. Study Abroad and Exchange students are welcome to choose any combination of subjects from the Subject Descriptions link on the Course Handbook website.

In the following pages you will find lists of subject areas available for Study Abroad and Exchange students to choose, along with the corresponding subject codes.

### BUSINESS AND ECONOMICS

ENGLISH LANGUAGE PROGRAMS

ENGLISH FOR ENTRY TO UOW
Students who do not meet the direct entry requirements for Study Abroad and Exchange may choose to enrol in a period of intensive English through UOW College (located on the Wollongong campus). Courses are offered for 6, 12 or 18 weeks with the option of adding additional weeks of study depending on your level of English. English classes commence every 6 weeks.

ENGLISH PLUS Uni
Offered through UOW College, English Plus Uni is for students who do not have English as their first language, and have not met the required level of English to undertake a formal semester program.

Students audit one or two university subjects and at the same time take part-time English language classes. Students study English for 14 hours per week and attend their chosen university subject(s) for 3–6 hours per week.

Students receive a transcript from UOW College for their studies. Home universities may choose to offer credit for this program.

STUDY TOURS AND GROUP PROGRAMS

UOW College offers customised study tour programs for groups of students. Study tours can be held at any time of the year, and consist of English language training and/or academic components and/or leisure and social research activities. Students are typically accommodated in homestay.

For all or some of the study tour components, the home university may choose to grant credit towards studies at the home university.
